

## Bolton by Bowland Cricket Club

### Proposed extension to Cricket Pavilion

The club has now got planning permission to extend the pavilion. The proposed extension is designed to encourage greater use of the ground for various sports and other activities for all in the village. We are upgrading facilities and including a new changing room and a store for equipment.

We are pleased that the recently formed Rounders team are already using the ground. If you have ideas about how the facilities can be used more widely then please contact us.
